

# FF504 Riddling Cages

Cages for both tirage and riddling stage of Sparkling wine production.

© January 2007

## FF504

### Description

Metal cages suitable for storing sparkling wine through either, or both, the tirage and riddling stage of production.

### Construction

Strong, long life cage made from electro-zinc plated steel. Chromatically finished with a Finigard varnish. Extra adjustment for variation in both bottle length and diameter.

### Benefits

- More flexible than standard single bottle size cages.
- Zinc plated for long lasting anti corrosion protection
- Can be used for tirage and riddling so save money by eliminating double handling.
- Adaptable to most riddling machines

### Dimensions

External Dimensions	1050x1355x1130mm
Internal Dimensions	890 x 1130 / 1170 x 895 / 930 mm
Weight Empty	110kg
Stacking Capacity	4 cages when full

FF504 riddling cage on point

Adjustable on two sides to cater for variations in both length & diameter.

Unique grid system for crown seal location provides support and extra tolerance for diameter variations
